MACDONALD, FRASER & CO., LTD.
Auctioneers, PERTH, SCOTLAND

Telephone: PERTH 26183/4

Telegraphic Address: "FRASER, PERTH"

DUNGARTHILL

THE HERD was founded in 1949 and 1950 with the purchase of females from Capt. de Q. Quincey, Naemoor and Bapton; and later on at the Cruggleton and Millhills Dispersal Sales. Most of these blood-lines have bred well, and the female championship was won at the Royal Highland Show in 1960. Bulls and heifers have been sold for export to many parts of the world.

Chapelton Comet, purchased for 2000 guineas in 1955, left some excellent females, notably Dungarthill Maude, reserve female champion at the Royal Highland and Great Yorkshire Shows, and female champion at the Perth Show, in 1962, when she was seven years old.

In 1957, Baldowrie Braemar was purchased, and in 1960 his crop of calves at Perth averaged £1094, with a top price of 2300 guineas. This bull left many lovely females in the herd.

Dron Xerxes, a 1st prize winner at Perth, was purchased in 1960 for 2200 guineas, and sired the Perth reserve champion in February, 1963.

ARDBENNIE

THE HERD was founded in 1959, when selected females from Banchory, Lawton, Kinellar, Islabank, and Pittodrie were purchased, together with the bull, Pittodrie Robin.

In February, 1961, the Perth champion heifer, Tolquhon Crystal Ramsden, was purchased from Mr. J. L. Sleigh for 850 guineas, and that summer she won the reserve female championship at the Royal Highland Show and the supreme championship at the Great Yorkshire, while in the following year she won the female championship at both the Royal Highland and Royal Shows.

Also in 1961, the complete Naemoor Herd was acquired from the late Major Robert Moubray, comprising females by such famous sires as Calrossie Baronet, Calrossie High Tension, Calrossie Defiance, and Bapton Controller.

In February, 1962, the herd provided the reserve supreme champion in Naemoor Escort, sold to Canada for 2000 guineas, and, in 1964, the same award was won by Ardbennie Guest, sold to the Anderson Brothers for 1500 guineas.

In 1963, Bapton Crocus Robin was purchased for 3500 guineas, and at Perth in February, 1965, bulls by this sire topped the sale averages; Ardbennie Horoscope making 8000 guineas to Señor Carlos Duggan, the second highest price of the sale; Ardbennie Hornbeam, 1600 guineas to Mr. P. H. Dickson, Coldoch; and two others 1000 guineas each.

Towards the end of 1964, the greater part of the famous Calrossie Herd of Beef Shorthorns, which should surely need no historical introduction, was purchased jointly by Dungarhill and Ardbennie, with the intention that they should be absorbed as far as possible within these two herds.

It is hoped that the cattle offered in this Draft Sale form a fair representation of the three herds concerned, comprising as they do a proportion of young females from the best breeding blood-lines in each.

Since it was necessary to prepare the Catalogue some months ahead, details of service and calving dates will require amendment to bring them up to date. This information will be available shortly before the Sale.

**HEALTH TESTS IN RESPECT OF
THE DUNGARTHILL AND ARDBENNIE
REDUCTION SALE**

TUBERCULIN TEST

All animals were subjected to the Tuberculin Test on the 28th June, 1965.

AGGLUTINATION TEST FOR CONTAGIOUS ABORTION

All Females under the age of 30 months at the date of Sale, having been vaccinated under the Ministry of Agriculture Calf Vaccination Scheme, will be sold on a Vaccination Certificate. All other Females will be subjected to the usual Agglutination Test within 30 days of the date of Sale.

COMPLEMENT FIXATION TEST FOR JOHNE'S DISEASE

All animals catalogued will be subjected to the Complement Fixation Test within 30 days of the date of Sale.

Certificates giving details of all these Tests will be available in the Auctioneers' Office.

Buyers are asked to satisfy themselves with regard to these details as no re-tests will be given, but arrangements have been made that animals for export may be insured against re-test risks.

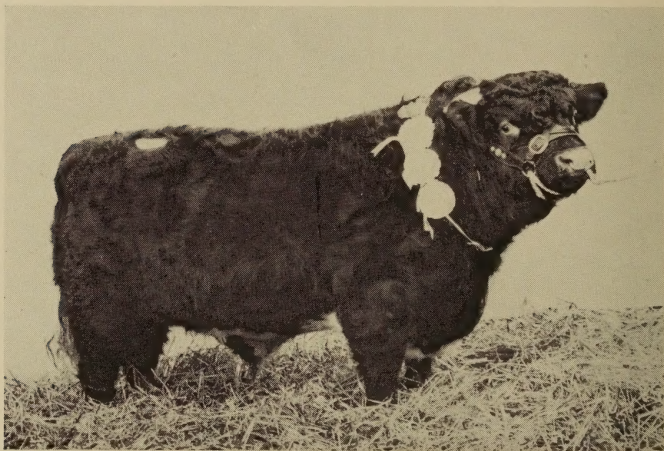

BANCHORY ORANGEMAN

The sire of so many high-priced Calrossie bulls at Perth during the past few years.

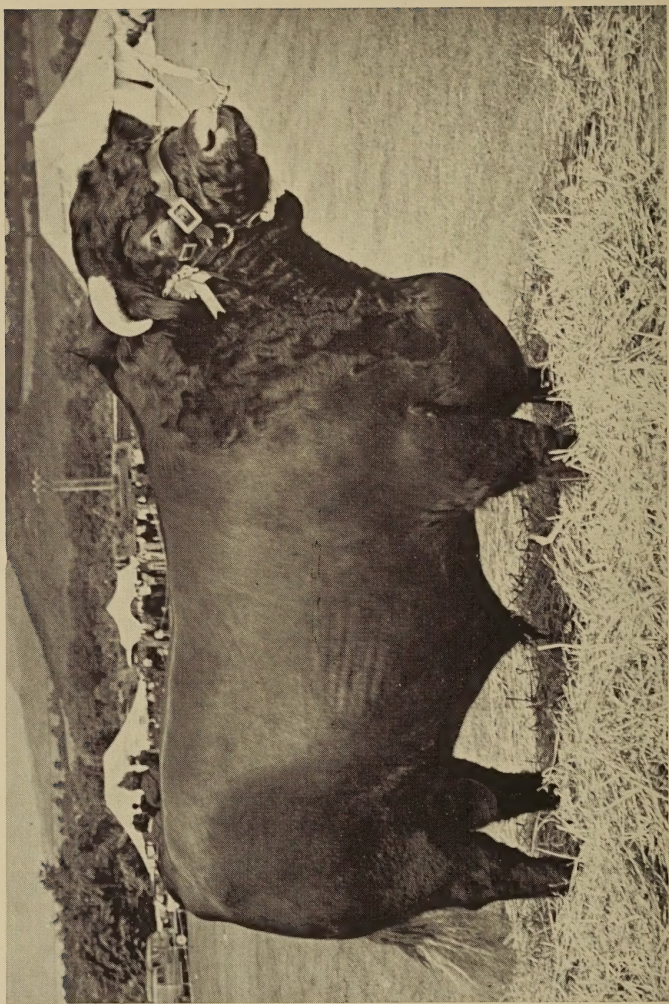

BAPTON CONTROLLER (*above*) was supreme champion at Perth in 1957 when purchased by Naemoor for 6500 guineas, and his son, **NAEMOOR ESCORT** (*below*), was reserve supreme champion at Perth in 1962, and sold to Mr. Stewart Bennett, Canada, for 2000 guineas.

BAPTON CROCUS ROBIN (*above*) was purchased by Ardbennie in 1963 for 3500 guineas, and one of his sons, **ARDBENNIE HOROSCOPE** (*below*), sold at Perth this year to Señor Carlos Duggan, Argentina, for 8000 guineas.

WOODHEAD WAVERLEY

Sire, Saltoun Orderly; dam, Woodhead Fair Clipper by Millhills Jasper. Purchased at Perth in 1964 for 1600 guineas, he was 1st in his class at the 1964 and 1965 Royal Highland Shows.

CONDITIONS OF SALE

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of The Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of The Beef Shorthorn Cattle Society, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a male or female. A twin female with a male will not be accepted, unless guaranteed in calf, or having had a calf.

2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates's Herd Book (Beef) by the person whose name appears as the Exposer, but every animal is sold subject to all visible faults, except where a bull is sold with only one testicle down the owner must make intimation to this effect in the Catalogue. Buyers must satisfy themselves as to the correctness of all bull calves, under 10 months old, before taking delivery. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Auctioneers at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.

3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.

Notwithstanding the above, no opening bid of less than 100 guineas may be accepted for any bull. Any bull failing to receive this bid will be passed out unsold.

(Note.—The condition regarding the opening bid of 100 guineas for bulls is meantime only applicable to the February Show and Sale at Perth.)

4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.

5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the Sale thereof. Lots shall only be removeable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.

6. Should any buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum per Annum* and for the keep of, and any other expense incurred by them in connection with, such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may be competent under this condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animals from Great Britain or Ireland or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate, the Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be made and established as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

8. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held

to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

9. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Beef Shorthorn animal registered in Coates's Herd Book (Beef) and sold at this Sale, such dispute shall be referred to the Council of The Shorthorn Society of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

10. Private Sale. Each animal entered in the Catalogue and in the sale-yard, must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

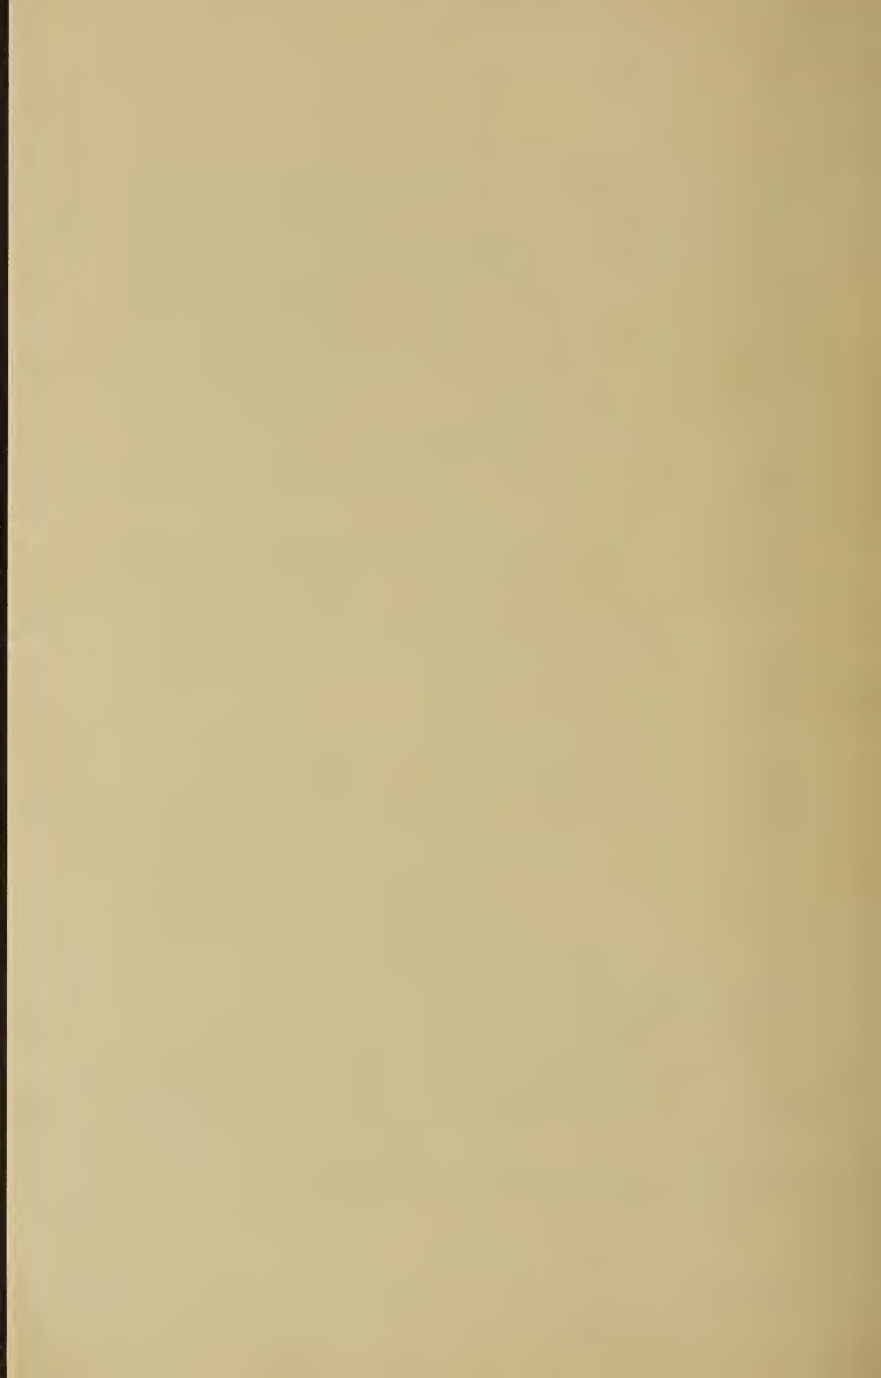

11. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by Selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

12. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

Baldowrie January Queen was purchased in February, 1958, at Perth, and has proved to be a consistent breeder.

Vaccinated with Br. Abortus Vaccine (Strain 19) on 6th November, 1964.

REFERENCE TO SIRE

CALROSSIE SCOTCH MIST (17455)—sire, Banchory Orangeman; dam, Calrossie Princess Madge by Calrossie Paramount.

Calrossie Scotch Mist, a roan bull of great length and quarters, was used for four seasons at Calrossie before being exported to Messrs. R. C. & N. D. Williams, Waikaha, New Zealand. He had a strong concentration of Cruggleton blood, and his dam's sire was supreme champion at Perth, selling for 8500 guineas to Kyalla Pty., Australia. He left first-class females, and his many sons include Calrossie Scottish Soldier (4000 guineas), Calrossie Scottish Reform (£770), and Calrossie Spectator (£2200), also Banchory Utmost, sold privately at a very substantial figure.

KAIR LUCKY STAR (19342)—sire, Calrossie Crocus Count; dam, Kair Nonpareil Nanette by Cruggleton Nevile.

Kair Lucky Star, a red bull, has a well-furnished head, plenty of character, depth, and a quality class of hair. He was 3rd in his class at Perth in 1962, and was purchased for 2300 guineas. His sire is by Calrossie Welcome, and his dam's sire is a grandson of both Calrossie Harmony and Cruggleton Perfect. One of his sons, Calrossie Hesperus, is herd sire in the Chiripa Stud of Señor Felix Mathet, Argentina.

BALDOWRIE BRAEMAR (10517), red—sire, Baldowrie Aladdin (3238); by Kirkton Heir; dam, (416034) Baldowrie Broadhooks Hopeful by Phopachy Hope.

Baldowrie Braemar was purchased at Perth in February, 1957, for 1000 guineas, and was the only son of Baldowrie Aladdin (the junior and reserve supreme champion in 1955) in this country. Braemar's first crop of calves at Perth in February, 1960, averaged £1094, and made him the fifth top selling sire of that sale. He was the sire of the reserve group of three, which included Dungarthill Command, sold to Naemoor for 2300 guineas. Braemar's dam is also the mother of Baldowrie Balmoral, who was used most successfully at Baldowrie. He left some lovely females at Dungarthill.

BANCHORY ORANGEMAN (8074)—sire, Gallant Marshal; dam, Banchory Orange Pet by Millhills Zeus.

Banchory Orangeman, red, a bull with plenty of bone and ruggedness, has exerted a great influence on the breed in recent years. With Cruggleton Perfect featuring on each side of his pedigree, he has suited Calrossie females well. He was the last bull purchased by the late Capt. John MacGillivray for the herd, and he has a great record, with his 23 sons sold at Perth during the past seven years averaging £2174. His grandsons have either been supreme champion or top price at Perth for a number of years past. At nine years old, he is still active.

BAPTON CONTROLLER (10021), white, calved 10th January, 1956, bred by Mr. Cecil Moores—sire, Bapton Aurora (2588); dam, (432511) Bapton Queen Jean by Bapton Enterprise (387760); g.-dam, Rothes Queen Penelope by Kirkton Baronet.

Bapton Controller was supreme champion at Perth in 1957, and a member of all the champion groups. He was purchased by Naemoor for 6500 guineas. In 1959, in his first crop of calves at Perth, he sired three prize winners. In 1960 he sired two 1st prize winners, the champion two-year-old and reserve senior champion, and two further prize winners. His progeny in that year won many prizes at the summer shows, including a 1st prize at the Royal Highland Show and the male championship at the Great Yorkshire Show. In 1961, eight of Controller's sons at Perth in February averaged £754, and all but two were awarded prize tickets. Naemoor Dictator was sold to Bapton for 2400 guineas, and Naemoor Dauntless was sold to Duncrahill for 1100 guineas. In 1962, Naemoor Escort, another son of Controller, was reserve supreme champion at Perth, and sold to Mr. Stewart Bennett, Canada, for 2000 guineas.

BAPTON CROCUS ROBIN (22174)—sire, Bapton Brave Robin; dam, Bapton Mary Crocus.

Bapton Crocus Robin was 2nd in his class at Perth in 1963, when he was purchased for Ardbennie at 3500 guineas. His sire, Bapton Brave Robin, a massive bull, with tremendous bone, was a double grandson of Bapton Constructor, whilst his dam, Bapton Mary Crocus, an outstanding female of this famous Bapton Crocus family, among her many show successes, won four supreme championships. She was by Bapton Enterprise, who sold for £12,000 in the Argentine in 1953. His first crop of calves at Perth in February, 1965, averaged just over £2000, making him the top sire of the year. His sons included Ardbennie Horoscope, sold for 8000 guineas to Señor C. Duggan, Argentina; Ardbennie Hornbeam, sold for 1600 guineas to the Coldoch Herd; and two others sold to Argentina at 1000 guineas each.

CHAPELTON COMET (394065)—sire, Cruggleton Balmoral; dam, Sybil Clara by Calrossie Contribution.

Chapelton Comet was purchased from Mr. James Biggar at Perth in February, 1955, for 2000 guineas. He was used successfully at Dungarthill for three seasons, and, in January, 1958, was sold to Messrs. T. Fincham & Son, Cape Province, South Africa, for a high price. Immediately after arrival in that country, he won the supreme championship at the Queenstown Show. Two of his daughters, Dungarthill Maude and Dungarthill Jealous Anona, proved great show females, both being selected to represent the breed at the Royal Highland Show at Ayr in June, 1958, for The "Farming News" Inter-breed Trophy.

DRON XERXES (20091)—sire, Crichton Blanco; dam, Dron Crocus Reine.

Dron Xerxes was purchased at Perth in February, 1961, when he was 1st in his class, for 2200 guineas. His first crop of calves at Perth in February, 1963, included Dungarthill President, junior and reserve supreme champion, and Lawton Craigen, sold for export to the Anglo-Scottish Cattle Company for 900 guineas.

CALROSSIE HYPERBOLE (391674)—sire, Calrossie Welcome; dam, Rothes Flower by Naemoor Marshal.

Calrossie Hyperbole was used for five seasons at Calrossie with great success. He has sired two Perth champions, and, in 1957, he headed the list of successful sires, his seven sons averaging £2516.

DUNGARTHILL PRESIDENT (*above*)—sire, Dron Xerxes; dam, Dungarthill Hopeful Pauline by Baldowrie Braemar—was junior and reserve supreme champion at Perth in 1963.

DUNGARTHILL MAUDE (*below*)—sire, Chapelton Comet; dam, Banchory Maude 11th by Bapton Eldorado. In 1958 she was reserve female champion at the Royal Highland Show, and in 1962 was female champion at Perth Summer Show and reserve female champion at the Great Yorkshire Show.

KAIR LUCKY STAR

Purchased for Calrossie at Perth in February, 1962, for 2300 guineas.

DUNGARTHILL COMMAND (*above*)—sire, Baldowrie Braemar; dam, Clipper Ballerina by Ballathie Command—was purchased at Perth in 1960 by Naemoor for 2300 guineas, and later used at Ardbennie. One of his sons, **ARDBENNIE GUEST** (*below*)—dam, Fairnington Nonpareil Queen—was reserve supreme champion at Perth in February, 1964, when purchased by the Anderson Brothers for 1500 guineas.

CALROSSIE SCOTCH MIST

This son of Banchory Orangeman was used extensively at Calrossie for four seasons.

As this is a Dispersal Sale, there is no warranty given with these animals.

The Property of Mr. T. Mann, Crooklands.

FEMALES

REFERENCE TO SIRE

CALROSSIE DIADEM (15657), red, calved 11th February, 1958, bred by Messrs. J. & D. P. MacGillivray, Calrossie—sire, Banchory Orangeman by Gallant Marshal; dam, Calrossie Ramona Ramsden by Calrossie Highland Piper by Calrossie Welcome.

Calrossie Diadem, the top-priced bull at Perth in 1959, was purchased for the Glamis Herd at 5200 guineas. He was 1st in his class and reserve junior champion. Calrossie Diadem has developed into a big, rugged bull, with a good head, strong bone, and tremendous hindquarters. His sire is the big, rugged, good breeding Banchory Orangeman, carrying two crosses of the famous Cruggleton Perfect, while his dam, Calrossie Ramona Ramsden, is one of the really outstanding cows at Calrossie. The first crop of calves from Calrossie Diadem was at Perth in February, 1961, and included Glamis Trademark, the supreme champion, sold for 4800 guineas; the champion pair of bulls, and the reserve groups of three and five. He also sired the reserve champion female, sold for 820 guineas. At the October Sale in 1961 he was again sire of the champion, which sold for 720 guineas. This breeding record must surely make Calrossie Diadem one of the leading sires alive to-day.

CALROSSIE HIGHLAND MONARCH (386899), red, calved 20th April, 1951, bred by Messrs. John & D. P. MacGillivray—sire, Calrossie Welcome (368471); dam, (288627) Calrossie Goldie Lass by Glastullich Fortress (321245).

Calrossie Highland Monarch was purchased privately at Calrossie after he had been retained as a stock bull from the crop of calves that averaged £3665 10/- for thirteen at Perth in 1952. His sons include Glamis Grand Slam, sold for 5500 guineas; Glamis Newsreel, 3000 guineas; Glamis Gay Monarch, 2300 guineas; Glamis Double Dash, 2200 guineas; Glamis Gay Gordon, 1700 guineas; Glamis Rothes Knight, 1600 guineas; Glamis Grand Monarch, sold for 90,000 pesos; and Glamis Bold Monarch, sold for 85,000 pesos. Sons of Calrossie Highland Monarch won all the group prizes at Perth in 1955, as well as the reserve junior championship, and also the champion and reserve at Aberdeen. The daughters of Calrossie Highland Monarch are very favourably commented upon by breeders who have seen them. Calrossie Goldie Lass, an outstanding female, is closely related to the 10,100-guineas Calrossie Highland Piper, who is breeding so well for Mr. Sandy Cross, Calgary, Alberta, Canada. Glastullich Fortress, one of the best stock bulls ever used at Glastullich, sired a Perth and Royal supreme champion. At the Bapton and Glamis Joint Sale in October, 1957, nine females sired by Calrossie Highland Monarch sold as follows:—1100 guineas, 1000 guineas, 1000 guineas, 820 guineas, 800 guineas, 600 guineas, 500 guineas, 450 guineas, and 380 guineas, averaging £775 16/-.
